ASX Announcements
4th Floor
20 Bridge Street
Sydney, NSW, 2000

Dear Sir,

Change of Name

The Company has lodged a Notice of General Meeting for a meeting to be held at the Company's offices at Level 3, 2-4 Ross Place South Melbourne, Victoria, 3205 at 10AM on Friday 20 April 2018.

The purpose of the meeting is to replenish the Company's placement capacity through LR 7.1 and to seek approval to change the Company's name to Purifloh Limited.

The Board has chosen to move away from the name Water Resources Group Limited which it has held since it listed on the ASX in late 2010. The Company's activities will continue in the development of water technologies utilising its Air₂O₃@ generator. However as announced the Company is also moving into the area of air cleaning, through Bluemist@, which would provide two separate product streams, being air purification and surface sterilisation.

The Company has chosen Purifloh Limited as a name as it reflects the Company's move into treating flows of air and water with a range of radical ions produced from the Company's Free Radical Generator. The hydroxyl ion - (OH) - is one of the key radicals the Company will be utilising, and hence the "oh" at the end of the name, Purifloh.

Similarly the Company has reserved the ASX code PO3 in anticipation of the shareholders approving the name change. The chosen ASX code of PO3 reflects ozone, with O₃ being the ozone radical of oxygen.

End
